Quality of Social Life: Health, Environment and the Community (HEC)

MARTA GONÇALVES, PhD at Zurich University under the Swiss National Fonds Research Program NFP52 Childhood, Youth and Intergenerational Relations in a Changing Society (2004-2009), is a FCT post doctoral fellow at CIS-IUL (2009-2015) and Associate Researcher at Harvard University. Her research interests cover the areas of family policy, mental health destigmatisation, intergenerational learning and individualised active ageing. Marta Gonçalves is fluent in German, English, Spanish and Portuguese. Follow www.facebook.com/F.SM.RI

Marta Gonçalves has been the coordinator of the Portuguese Working Group Advocacy for Intergenerational Policies and of the first Intergenerational University at ISCTE-IUL. With a strong focus on the links of research to intervention, innovation and policy, Marta Gonçalves has developed several research-based projects on methodologies and programs that have been applied in different private and public institutions. Marta Gonçalves is the Scientific Partner of the Secretary at the Vienna NGO Committee on the Family at the United Nations, and is Member of the Portuguese Centre for Family-Responsible Authorities.
